

Apprenticeship as an IT specialist for Application Development (m/f/d)

from 01.08.2024 in Cologne

What we offer:

Short distances, open doors, fun at work, a team of motivated and competent people and all this in an extraordinary Open Workspace in the middle of the Schanzenviertel! With us, every individual can contribute their skills and passions and further develop their potential. You will work in an innovative and team-oriented environment with open communication, short decision-making processes and good options for personal development.

These are your tasks:

- You will get to know the diversity of programming in the .Netstack and have the opportunity to specialize in it
- In the team you master challenges and find solutions that inspire our customers
- With your ideas you contribute to the further development of sellify

What you bring with you:

- General university entrance qualification or technical college entrance qualification
- Basic programming skills, which you demonstrate or explain to us with a work sample as part of your application
- Hands-on mentality, team spirit and commitment
- Very good German language skills (C1 or better), good English skills are desirable

This is us

With our own software solution sellify as a basis, we develop individual solutions for the organization of daily office tasks and managed communication. Then simply contact us at

jobs@businessacts.de with a resume and a sample of your work. We will also be happy to answer any questions you may have about the training, us or the application process!

Your contact person at our company is Stephan, who will train you to become a development professional with his many years of experience.

Formalism is not for us, we want to get to know you and your skills and grow together. Therefore, a work sample counts for us much more than your grades!
